

SMIâ€™s 3rd Annual Pharmaceutical Microbiology East Coast Conference

Date : Oct 28, 2020 - 08:30 AM - Oct 29, 05:00 PM

Event URL : <http://www.BostonEventsList.com/events/smiâ€™s-3rd-annual-pharmaceutical-microbiology-east-coast-conference-apr-2020>

Organizer : SMI Group

Venue : Sheraton Boston Hotel

Location : 39, Dalton St
Boston, MA, USA, ZIP: 02199
Phone: 02078276000

Ticket Price: Conference + 1 Workshop: USD 2498.00, Conference Only: USD 1999.00, Workshop Only: USD 499.00

SPONSORED BY: Associates of Cape Cod, bioMérieux, Bioscience International, C.T.L. MAT, LONZA

CHAired BY: Lynne Ensor, VP Technical, Parexel

The pharmaceutical microbiology industry has seen many changes during the progression into the 21st century. With advances in rapid microbiological methods, revisions being made to regulations in the industry, enhanced knowledge of the human microbiome, and novel testing methods, this industry is ever expanding.

Join industry experts to discuss and analyze the latest advances and challenges within the industry. Network with industry professionals, discuss the revision of Annex 1, explore data integrity considerations for conventional and rapid microbiology methods, analyze arising issues with environmental monitoring and gain insight into an industry perspective on automated endotoxin testing and process automation.

HIGHLIGHTS FOR 2020:

- Discuss ongoing complication of personnel derived contamination from the FDA

www.BostonEventsList.com

- Gain valuable insight towards microbiological quality considerations in non-sterile manufacturing and control of BCC from Parexel
- Learn from the perspective of the US Pharmacopoeia on container closure integrity evaluation
- Examine an end-to-end contamination risk assessment for autologous cell therapy from Juno Therapeutics
- Explore a back to back Genentech session covering technical considerations for microbial QC of raw materials used in biotechnology and the past, current and future state of Mycoplasma testing

Post-Conference Workshop – May 1, 2020

The Use of Recombinant Chromogenic Assays as Alternate Methods for the Bacterial Endotoxins Test (BET)

Workshop Leader: Veronika Wills, Manager, Technical Services, Associates of Cape Cod

WHO SHOULD ATTEND:

Senior Microbiologist, Lead Scientist, Laboratory Manager, QA Specialist, Drug Substance External Manufacturer, QC Scientists, Heads of Quality, Business Development Manager, Pharmaceutical Microbiology Consultant, Higher Pharmacopoeia Scientist.
